

Aria Carver

Machine Learning Engineer | aria.carver@example.com | +1-555-195-4582

Summary

Senior Machine Learning Engineer with 12 years of experience specializing in PyTorch, Pandas, Machine Learning, NLP. Proven track record of delivering production systems and collaborating across cross-functional teams.

Skills

PyTorch, Pandas, Machine Learning, NLP, Python, TensorFlow, Deep Learning, LLM, MLOps, RAG

Experience

- **Machine Learning Engineer**, Corevance (2022–2026)
Delivered projects using PyTorch and Pandas; collaborated in an Agile team to ship features to production.
- **Senior Machine Learning Engineer**, Palewave (2018–2022)
Delivered projects using PyTorch and Pandas; collaborated in an Agile team to ship features to production.
- **Senior Machine Learning Engineer**, Orbit Data (2014–2018)
Delivered projects using PyTorch and Pandas; collaborated in an Agile team to ship features to production.

Education

M.Sc. in Computer Science, Northgate University (2014)

Projects

- Built a document retrieval and RAG pipeline using PyTorch and Pandas, improving answer relevance by 27%.
- Trained and deployed an NLP classification model with PyTorch, serving 2M+ requests/day.
