

Sofia Lindgren

Machine Learning Engineer | sofia.lindgren@example.com | +1-555-510-5386

Summary

Senior Machine Learning Engineer with 8 years of experience specializing in TensorFlow, PyTorch, NLP, Deep Learning. Proven track record of delivering production systems and collaborating across cross-functional teams.

Skills

TensorFlow, PyTorch, NLP, Deep Learning, Python, Kubernetes, MLOps, LLM, AWS

Experience

- **Machine Learning Engineer**, Corevance (2023–2026)
Delivered projects using TensorFlow and PyTorch; collaborated in an Agile team to ship features to production.
- **Senior Machine Learning Engineer**, Meridian Soft (2019–2023)
Delivered projects using TensorFlow and PyTorch; collaborated in an Agile team to ship features to production.
- **Senior Machine Learning Engineer**, Brightforge (2018–2019)
Delivered projects using TensorFlow and PyTorch; collaborated in an Agile team to ship features to production.

Education

M.Sc. in Computer Science, Ashcombe College (2018)

Projects

- Built a document retrieval and RAG pipeline using TensorFlow and PyTorch, improving answer relevance by 27%.
- Trained and deployed an NLP classification model with TensorFlow, serving 2M+ requests/day.

Certifications

- TensorFlow Developer Certificate
